

2026 CORAL SPRINGS COCONUT CREEK REGIONAL CHAMBER OF COMMERCE LEGISLATIVE AGENDA

The Coral Springs Coconut Creek Regional Chamber of Commerce champions the following legislative priorities to advance a thriving business and economic environment for our community.

City of Coral Springs

- Advocate to keep taxes and fees aligned with the current economic climate.
- Promote workforce housing initiatives to ensure a sustainable workforce.
- Deepen partnerships with higher education institutions, vocational schools, the school district, and the business community to grow workforce development, internships, and apprenticeships.
- Support the pursuit of funding to broaden workforce transportation options, including investments in public transit, complete streets projects that improve pedestrian and bicyclist safety, provide alternative transit modes, and enhance infrastructure (MAP, Broward County Mobility Advancement & PREMO, Premium Mobility Program).
- Back state initiatives that increase workforce housing opportunities.
- Support investment in AI to promote adoption and use to improve efficiencies for businesses and governments.

City of Coconut Creek

- Advocate to keep taxes and fees aligned with the current economic climate.
- Support workforce housing programs to ensure a sustainable workforce.
- Deepen partnerships with higher education institutions, vocational schools, the school district, and the business community to grow workforce development, internships, and apprenticeships.
- Support the pursuit of funding to broaden workforce transportation options, including investments in public transit, complete streets projects that improve pedestrian and bicyclist safety, provide alternative transit modes, and enhance infrastructure (MAP & PREMO).
- Back state initiatives that increase workforce housing opportunities.

- Support investment in AI to promote adoption and use to improve efficiencies for businesses and governments.

Broward County

- Monitor activities of the countywide solid waste group.
- Champion efforts to expand affordable workforce housing.
- Collaborate with the Coordinating Council of Broward on workforce housing strategies.
- Support funding to broaden workforce transportation options, including investments in public transit, complete streets projects that improve pedestrian and bicyclist safety, provide alternative transit modes, and enhance infrastructure (MAP & PREMO).
- Support investment in AI to promote adoption and use to improve efficiencies for businesses and governments.

State of Florida

- Advocate for the protection of Sadowski Funds for their intended purpose.
- Support state programs that finance affordable workforce housing.
- Advocate for legislation that lowers insurance rates.
- Advocate for meaningful reform of property taxes.
- Champion funding and creation of state incentive tools to spur economic development and attract/support local businesses.
- Support cybersecurity legislation to identify, deter, protect against, detect, and respond to cyber threats—fostering a more secure business environment.
- Support investment in AI to promote adoption and use to improve efficiencies for businesses and governments.

Federal

- Champion education and workforce training initiatives to raise educational standards and expand training programs for a skilled workforce.
- Advocate for legislation that lowers insurance rates.
- Encourage the creation of and funding for programs to expand workforce transportation options—including investments in public transit, complete streets projects that improve pedestrian and bicyclist safety, provide alternative transit modes, and enhance infrastructure.
- Support investment in AI to promote adoption and use to improve efficiencies for businesses and governments.
